How would you assess my competences?

D M Sankha Lakshitha Bandara currently heading the Quality Assurance & Lean Manufacturing functions of Ravi Industries Limited, One of a subsidiary of Hayleys group.

He complied with a vast experience as the management representative in two leading conglomerates in Sri Lanka for Iso 9001:2008 quality management system, Iso 14001:2004 environment & SA 8000:2008 social accountability standards. Japanese productivity improvement tools & techniques implementation such as 5S, Kaizen suggestion schemes, Poka Yoke tools, seven QC tools, TPM,TPS are few other expert areas of him.

Being a JASTECA certified Kaizen & 5S Instructor and experience in both manufacturing & service sector organizations is also a vital success and he also served as the trainer/ consultant of change management techniques and act as a change agent in several private organizations.

How would you assess my credibility?

Challenging the experience by passionating the creativity and innovate ideas for the success of a multinational manufacturing establishment in the country.

(Yet to be started training & transformation programs collaboration with Ministry of Public Management Reforms. Further; you may contact ministry for details.)
